## FATHER'S DAY SUNDAY, JUNE 18<sup>TH</sup>, 2017

### THIS MORNING:

I started preaching forty years ago. I had preached a few sermons before then on occasion, but as a way of life, it wasn't until 1976 that it became a regular occurrence. As I think about all the sermons that I've preached, they were on many different subjects. The Bible covers a lot of different topics in a lot of different ways. That's one of the things that I love about it. You can find instruction for any aspect of life as well as guidance and wisdom covering a whole range of spiritual issues, too. All of that instruction comes in the form of biographical stories, historical accounts, prophetic utterances and visions and revelations of holy men of old. There's enough in the Bible that people have written millions of books about it over the past few thousand years, and there will be even more books written in the ages to come.

But there is one thought, one theme, or more precisely, one person, that ties it all together. That is the Lord Jesus Christ. The Bible is all about him. In Luke 24 we find a story that informs us of this fact. The Bible makes for interesting reading on a number of topics, but in order for it to make sense; you must know the one that is written about – Jesus. This morning we want to see how this works out and how each person can learn to know more about the Bible by knowing more about Jesus.
