SUNDAY, APRIL 2ND, 2017

THIS MORNING:

I know a man in Hamilton who started a landscaping company about 35 years ago. It was just him, a pickup truck, some shovels and wheelbarrows, and a summertime hired hand. He did a lot of manual labour and provided quality work for his customers. Because of that, his reputation soon spread. Before long he was hiring more workers and buying more trucks and equipment. After a few years he was so busy managing his business that he didn't have to do any of the actual work of landscaping. His employees did that and he oversees and guides it all. Today, that company is one of the largest and most upscale landscape operations in southern Ontario.

The growth of the kingdom of heaven is a similar scenario. Jesus started out with just a few disciples. He taught them how to do the work by first doing it himself and letting them watch, while he provided instruction along the way. Those disciples taught others and now today, the work of the kingdom of heaven is going on all around this world. Jesus oversees and guides it all from his home in heaven. Someday, he will return and set up his kingdom which will last forever and be the greatest kingdom the world has ever known. Until then, there is much still to be done, and the need for workers is great. Today we want to talk about what it means to work for God in his kingdom.

MISSIONARY OF THE WEEK

ANTHONY BROWN

NEW BEGINNINGS FELLOWSHIP DOWNINGTON, PENNSYLVANIA

When New Beginnings opened its doors in 2005, Pastor Anthony Brown and his wife, Kimberly Grier, had a vision from God to preach the Good News. In 2010, the church was able to move into their own building. Pray for the new plans and programs being developed and implemented within the evangelism ministry, which is the focus of the church for this year. Pray that New Beginnings would continue to bring spiritual healing and help to the community by introducing them to God's love and mentoring them to become mature followers of God. Check out their website, www.newbeginningsdt.com, for more information.
